

KOUSHIL R GOWDA

Technical Assistant, Testing Department | Protection Relay Testing

Mysuru, Karnataka | koushilr24@gmail.com | linkedin.com/in/koushil-r | github.com/koushil24

PROFESSIONAL SUMMARY

Electrical & Electronics professional currently working in numerical protection relay testing at AVANA Electrosystems Ltd. Prior experience in solar power plant EPC and O&M, industrial electrical maintenance and electronics manufacturing. Building skills in protection systems, IEC 61850 and SCADA, and applying AI tools to learning and engineering documentation. Open to opportunities in Protection, Relay Testing, Commissioning and Service Engineering.

PROFESSIONAL EXPERIENCE

Technical Assistant, Testing Department — AVANA Electrosystems Ltd. | Sep 2026 – Present

- Working on the numerical protection relay testing line; observing and learning complete relay testing procedures.
- Programming pre-written firmware onto processor boards using MPLAB and a PICKit programmer.
- Testing converter boards (voltage and current) and performing digital I/O tests.

Project Engineer — PV Line Pvt. Ltd. | Oct 2025 – Jul 2026

- Coordinated vendors and monitored site execution for the 2 MW Sathanur Solar EPC project; ensured work matched approved engineering drawings and reported progress regularly.
- Moved to O&M of the 20 MW Sira Solar Plant (from Mar 2026): SCADA performance monitoring, alarm and fault response, and diagnosis across PV modules, SMBs, inverters, ACBs, VCBs and transformers.
- Executed preventive maintenance plans and safety procedures to support plant availability.

Trainee, PLE Maintenance — Mitsubishi Heavy Industries – VST Diesel Engines | Jul 2025 – Sep 2025

- Supported preventive and breakdown maintenance on production line equipment and industrial electrical systems.

VLSI Design Engineer Training (Remote) — Rومان Technologies Pvt. Ltd. | Sep 2024 – Feb 2025

- Completed VLSI Design Engineer training; skill competency certificate from the Electronics Sector Skills Council of India (NCVET-recognised).

Industrial Machinery Intern — SRTECH Switchgears & Controls Pvt. Ltd., Mysuru | Oct 2023 – Nov 2023

- Gained exposure to switchgear assembly and industrial machinery maintenance workflows.

Line Operator, Engine Assembly — Mitsubishi Heavy Industries, Mysuru | Jul 2022 – Oct 2022

- Assembled diesel engine components to quality and safety standards; performed pre-assembly inspections.

Line Operator (Clearance Line) — Kaynes Technology, Mysuru | Dec 2021 – Jul 2022; Jul 2017 – Mar 2018

- Tested PCBAs and performed conformal coating before QC inspection.

SKILLS

Hands-on: PCBA testing and assembly; solar plant O&M; SCADA monitoring (solar plant); switchgear, transformers, ACB, VCB; inverters and SMBs; preventive and breakdown maintenance; AutoCAD Electrical; NI Multisim; Proteus; MS Excel, Word, PowerPoint

Learning: Numerical relay testing; overcurrent and earth-fault protection; transformer protection; IEC 61850 and GOOSE; substation SCADA; AI tools for engineering; website development and GitHub

Professional: Problem solving; teamwork; communication; adaptability; site coordination

Languages: Kannada (read, speak); English (read, write, speak); Hindi and Tamil (speak)

EDUCATION

B.E. in Electrical & Electronics Engineering (VTU) – Vidya Vikas Institute of Engineering & Technology, Mysuru | Final stage, completing remaining papers

Diploma in Electrical & Electronics Engineering (DTE) – D. Banumaiah's Polytechnic College, Mysuru | 2022

ITI, Electronics Mechanic (NCVT) – Vidyavardhaka Sangha ITI, Mysuru | 2018

CERTIFICATIONS AND COURSES

Proficient in Electrical CAD (CADD Centre); Diploma in Hardware Engineering (AICSM SVS Institute of Technology & Multimedia, Mysuru); VLSI Design Engineer Skill Competency (ESSCI, NCVET-recognised)

PROJECTS

- Eco Smart Plasma System for the Treatment of Industrial Effluent** – team project, co-author; published in IJCRT, Vol. 13, Issue 5, May 2025.
- Smart Entry Counter** – team project, co-author; published in IJCRT, Vol. 12, Issue 9, Sep 2024.
- Solar Powered Pesty Spray** – team project; electrical/solar system, implementation and testing.
- K_24 Electrical and K_24 AI for My Career** – personal learning websites (HTML, CSS, JavaScript, GitHub Pages) built with AI assistance.

ACHIEVEMENTS

Participant, AvEEEshkar 2024 and 2025 (state-level project competitions); Presented Smart Entry Counter at NCSSPES national conference; NI Multisim Op-Amp Simulation Workshop; ACRESERVE 2023 (ISHRAE Mysore Chapter)
